

PRESCHOOL

Meadow Brook Elementary **Pre-School Information**

The current plan is to have a half-day pre-school at Meadow Brook in the mornings. It is a special education pre-school which means that the majority of the students will be here because they qualify due to a developmental delay which is determined after a screening.

There will be a few tuition slots per class for those students that don't qualify from the screening. The cost for those that fall under the tuition student category is \$60 per month which has classes two days a week.

Overall there will be two different options for classes. A Tuesday/Thursday class from 10:00-12:30 and a Wednesday/Friday Class from 10:00-12:30.

To schedule a screening to determine if there is a development delay call Shelby Shepherd (801)489-3021.

If you are interested in one of the tuition slots you need to email Trisha Taylor at trisha.taylor@nebo.edu and get your name on the list. Include the age and name of your child and which session you are interested in. Again there is a \$60 per month fee for the tuition class.
