

Learning Through Robotics

After School Program Grades 4-6

Dear Parents,
Your child has the opportunity to participate in a Robotics and STEM after school program held at Meadow Brook beginning Monday, February 6, 2017. This is for students in grades **4-6 only**. The cost is **\$55 per student**. The class will be filled on a first come, first served basis. **This course will be a beginner's class.** Please make checks payable to Meadow Brook and return to the front office. The deadline to sign up will be Wednesday, February 1. Additional information about the program is listed below. Please contact Haley Judd 505-977-3345 with additional questions.

Held on Monday's as follows:

February 6 (One hour class 2:40-3:40)
February 13 (One hour class 2:40-3:40)
February 27 (One hour class 2:40-3:40)
March 13 (One hour class 2:40-3:40)
March 20 (One hour class 2:40-3:40)
March 27 (One hour class 2:40-3:40)
April 10 (One hour class 2:40-3:40)
April 17 (One hour class 2:40-3:40)
April 24 (**Two hour class 2:40-4:40**)

What Is "Learning Through Robotics?"

"Learning Through Robotics offers interactive learning using "hands on" material and equipment. Elementary and middle school students who like to do engineering subjects, math, and sciences will love our classes because of the interaction they will have with several types of robots. They will actually build mini robots using building models, attaching sensors and motors that are plugged into a computer and configure its behavior using a simple programming tool developed by world's leading research institutions and robotic companies."
